

PRODUCT INFORMATION

AGS 10

Art. No: 3633

Shadow remover.

For remaining pigment shadows

AGS 10 is used for shadow removal. For use on exterior and interior surfaces. Primarily used on absorbent surfaces. Can be used when AGS 60 is not quite strong enough. Biodegradable.

AGS 10 is a product used for the removal of pigment shadows left after graffiti removal. Always test **AGS 10** on the material from which the shadows is to be removed to see that the surface is not affected negatively. Exercise particular caution when using **AGS 10** on materials like marble and travertine.

INSTRUCTIONS FOR USE

Graffiti-shadow removal

Spray or brush **AGS 10** on the "shadows", allow it to act for approx. 2–5 minutes. Rinse with water. Repeat the procedure until the shadow areas are removed.
