

PRODUCT INFORMATION

AGS 7

Art. No: 3631

Shadow Bleacher

AGS 7 is a thickened shadow remover with bleaching properties on pigment shadows from permanent markers and leather dyes. For use on exteriors, porous surfaces.

AGS 7 effectively removes shadowing from most types of permanent marker and leather dyes.

AGS 7 may be used on most porous surfaces that withstand a bleaching effect such as; concrete, brick, marble, sandstone, limestone, etc.

It is always recommended a test be made on a small part of the surface, especially on darker surfaces.

INSTRUCTIONS FOR USE

Apply a thick layer of **AGS 7** on the surface. To prevent drying out, cover with a plastic film. Suitable when long dwelling time is needed and on very absorbent surfaces. Dwelling time may vary from 4 hours to several days. Rinse with warm water and adjust the pressure to the surface. Repeat the process if there are any shadows left.

NB! DO NOT MIX WITH ACIDS. TOXIC GAS MAY BE FORMED.

Dosage

Use as concentrate.

Consumption

Approx. 1 litre/m².

Technical data

- Beige paste.
- Supplied in 5 litre blue plastic can.
- Specific weight 1,10 kg/litre.
- Chlorine odour.
- Contains Sodium hypochlorite.

Storage

Store frost-free in closed original container.

Shelf life

Approximately 3-6 months in unopened container.
